**AFFIDAVIT OF
PROBABLE CAUSE**

Docket Number
(Issuing Authority):

Police Incident
Number: PA 2023-1698459

Warrant Control
Number:

PROBABLE CAUSE BELIEF IS BASED UPON THE FOLLOWING FACTS AND CIRCUMSTANCES:

1. I, your affiant, Trooper Nicholas PERONI, am a member of the Pennsylvania State Police currently assigned to the Patrol Unit at the Media State Police Barracks located at 1342 W. Baltimore Pike, Middletown Township, Delaware County. On 12/31/2023, I was working an assigned 0700 - 1200 hours overtime shift in full uniform and operating a marked State Police Patrol Vehicle, K2-21.
2. On 12/31/2023 at approximately 0715 hours, I was conducting a stationary patrol in the emergency turnaround located at the Pennsylvania / Delaware State Line on I95. While patrolling, I was observing northbound traffic on I95N. As I patrolled, I observed a silver BMW 750LI pass my location. I observed the vehicle to have window tint that was so dark on the driver's side windows that it obstructed my view inside the vehicle. Based on this violation of the Pennsylvania Vehicle Code, I left my position and attempted to catch up to the vehicle. I was able to catch up to the vehicle in the area of Exit 1 on I95N. I observed the vehicle to be traveling in the center lane of I95N. I observed the vehicle to have a Delaware Temporary Registration Plate that was torn in the middle. Because the Registration Plate was torn, it was actively blowing in the wind and therefore was obstructed from my view from a reasonable distance. I continued to follow the vehicle in an effort to read the sequence on the registration plate, but it continued to blow in the wind. As I attempted to read the registration plate, I observed the vehicle fail to maintain its lane by crossing the right dashed line. Based on these violations of the Pennsylvania Vehicle Code, I decided to conduct a traffic stop on the above-mentioned vehicle. I activated my emergency lights and siren and conducted a traffic stop on the above-mentioned vehicle in the area of Mile Marker 2.4, Upper Chichester Township, Delaware County. After the vehicle came to final rest on the right shoulder, I observed the operator fail to put the vehicle in park and continue to roll forward before coming to final rest again.
3. After the vehicle came to final rest, I was able to observe the affixed Delaware Temporary Registration Plate, XD768494. I conducted a CLEAN/NCIC query on the registration plate which returned "Record Not Found". After conducting the CLEAN/NCIC query, I exited my patrol vehicle and attempted to make contact with the operator of the vehicle. As I approached the rear of the vehicle, I observed the operator roll down his window slightly. Because of the level of window tinting, I asked the operator to roll all the windows down. I made a passenger side approach and knocked on the rear window. I observed the passenger side windows to be extremely tinted. This window tint obstructed my view inside the vehicle. As I was standing at the rear of the vehicle, I could hear the operator shouting out of the driver's window. Because of this, I reapproached the vehicle and made a driver's side approach.
4. As I approached the driver's side of the vehicle, I observed the operator, later identified through his Pennsylvania ID Card as Melvin ROACH, hanging his head outside his half-opened window. ROACH appeared angry and was shouting at me that I did not have the authority to stop him because there was no emergency. As ROACH had his head outside his window, I observed him holding his cell phone outside the window as well. I could not see ROACH's left hand because he kept it inside the vehicle. Because of the heavy window tinting, ROACH's irate behavior, and the fact that he was keeping one hand inside the vehicle, I ordered him to step out of the vehicle. ROACH yelled in reply, "I'm not stepping out, you don't have the authority to tell me to step out." ROACH then yelled that he wanted me to contact my Sergeant. For the next minute, I ordered ROACH to roll the windows down or step out of the vehicle several times. I ordered ROACH to roll down the window a total of eleven (11) times. I ordered ROACH to step out of the vehicle a total of twenty (20) times. During the entire interaction, ROACH was shouting oaths and phrases consistent with a Sovereign Citizen including, I had no authority to stop him, he is not a citizen of the United States, he is not an enemy of the United States, I did not have the authority to use my emergency lights for a traffic stop, that the statutes imposed do not govern him, and that he needed my surety bond information. After a short period of time, I ordered ROACH to put both of his hands outside of the vehicle. I attempted to approach the driver's door after ROACH put both of his hands outside of the vehicle. As I approached, ROACH quickly put his left hand back into the vehicle as if he was reaching for something. At this point I believed that ROACH could have been armed. I again ordered ROACH to put his hands outside of the vehicle. ROACH eventually complied and placed his left hand outside of the vehicle. As ROACH did this, I was able to gain control of his arm and escort him out of the vehicle.

CONTINUED

I, your Affiant, BEING DULY SWORN ACCORDING TO LAW, DEPOSE AND SAY THAT THE FACTS SET FORTH IN THE AFFIDAVIT ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.

AFFIDAVIT OF PROBABLE CAUSE

Docket Number
(Issuing Authority):

Police Incident
Number: PA 2023-1698459

Warrant Control
Number:

PROBABLE CAUSE BELIEF IS BASED UPON THE FOLLOWING FACTS AND CIRCUMSTANCES:

5. I escorted ROACH to the back of his vehicle and ordered him to place his hands behind his back. ROACH refused to comply and held up his cell phone so he could film our interaction. I was able to place ROACH's left hand into handcuffs. As I attempted to place ROACH's right hand into handcuffs, I could feel ROACH tense his muscles and begin to pull away from me. ROACH attempted to pull his arm away from me, but I was able to manipulate his arm behind his back and into handcuffs. As I waited for additional units to respond to my location, ROACH continued to shout at me that I did not have the authority to stop him. I asked ROACH if he had any identification on his person to which he responded, "I don't have to aid you in your investigation." At this point, I determined that ROACH was in custody for Obstruction of Justice. I attempted to search his person for his identification. When I reached towards him, ROACH actively pulled away in an attempt to prevent me from searching him. I was able to regain control of ROACH and keep him at the rear of his vehicle. I again asked ROACH to identify himself because he was under Official Investigation. ROACH responded in a similar manner as previous and related that he did not have to aid me in my investigation or give me his identification.
6. At this point, several local police units arrived on scene to assist. I placed ROACH in the front seat of my patrol vehicle and called for a tow for his vehicle. Per State Police policy, I conducted an inventory search of ROACH's vehicle for valuables. During the search, I located a black Sig Sauer SP2022 9mm handgun bearing serial number, 24B392782, in a green tactical bag behind the front passenger's seat. At this point, I stopped the search and secured the firearm inside the vehicle. I returned to my patrol vehicle in an effort to speak with ROACH. As I approached, a local police officer provided me with ROACH's Pennsylvania ID Card that he located on his person. I asked ROACH if he possessed a valid Pennsylvania License to Carry Firearms. Roach replied that he did not have a valid License to Carry Firearms. I informed ROACH that he was under arrest.
7. At this point, Trooper WIDMER arrived on scene. Trooper WIDMER remained on scene with the vehicle with his Mobile Video Recorder active until the tow truck arrived, I transported ROACH to PSP Media where he is currently being held in custody. During transport to PSP Media ROACH related, "After you see me check this tribunal and magistrate, you're going to see me walk out of here and y'all are going to give me my gun back."
8. While waiting for the vehicle to be towed back to PSP Media, I conducted a Criminal History query on ROACH. The query revealed that ROACH was arrested on 12/16/2010 by the Philadelphia Police Department and plead Guilty to the charge of PACC 2702A Aggravated Assault (F2). This conviction makes ROACH a Person Not to Possess Firearms under PACC 6105.
9. Trooper WIDMER followed the tow truck with the vehicle back to PSP Media with his Mobile Video Recorder active. The vehicle was held in the PSP Media sally port in anticipation for the application for a search warrant. The firearm was seized as evidence from the vehicle. The firearm was loaded with one (1) round in the chamber and fourteen (14) in a detachable magazine.
10. On 12/31/2023, I applied for a search warrant for the vehicle. The search warrant was reviewed and approved by the Honorable Judge HOLEFELDER. I executed the search warrant on the above listed vehicle. I seized the temporary Delaware registration Plate from the vehicle.
11. The seized black Sig Sauer SP2022 9mm handgun bearing serial number, 24B392782, ammunition, and fictitious registration plate were entered into evidence at PSP Media.
12. Based on my training and experience, I know that an individuals' contact with an item, like a firearm, can leave trace DNA evidence on that item.
13. Based on the aforementioned information, I respectfully request that a search warrant be issued for ROACH's DNA which shall be obtained via one (1) buccal swab for direct comparison to the DNA swab from the 9mm caliber black Sig Sauer SP2022 bearing serial number, 24B392782.

I, your Affiant, BEING DULY SWORN ACCORDING TO LAW, DEPOSE AND SAY THAT THE FACTS SET FORTH IN THE AFFIDAVIT ARE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE, INFORMATION AND BELIEF.
